DAY 2 (BLD): PORT LINCOLN & BOSTON BAY WINES: Monday 13 November 2023

Port Lincoln is located on one of the world's largest protected natural harbours. Boston Bay stretches from the tip of the Port Lincoln National Park to Point Boston and covers an area more than 3½ times the size of Sydney Harbour! We have a local guide join the coach for tour of the area. Our next appointment is a guided tour of Port Lincoln's leading multi-species fish processing factory - *The Fresh Fish Place*. See how local fish are filleted and packaged for sale. We may get the chance to see experienced staff opening oysters or scallops (in season) and learn how to fillet the famous King George Whiting. After our tour, we get to sample a variety of tantalising products, followed by lunch here. Early afternoon we pay a visit to the *Axel Stenross Maritime Museum* which features older style tools used in building wooden boats, clinker and carvel wooden dinghies, a large collection of maritime artefacts and newspaper cuttings of local fishing and boating history. Our final visit of the afternoon is at *Boston Bay Winery* for a wine tasting. There aren't many wineries in the world with a more spectacular setting. Just 30 minutes south of Port Lincoln and located on private property, *Whalers Way* offers sensational coastal views from the very tip of the Eyre Peninsula. We spend some time taking in the views and then return to Port Lincoln for a visit to *Constantia Designer Craftsmen* - a truly unique attraction. Testimony to this firm's level of craftsmanship is the unprecedented honours bestowed by the International Guild of Master Craftsmen, *Constantia* being one of only six firms in the world to be made a fully accredited member. *Constantia* was commissioned to design and build the Table to the House of Representatives and the Hansard Table, the main tables for the new Parliament House in Canberra. We have lunch at the Marina Hotel and this afternoon we join *Calypso Star Charters* for a 2-hour cruise through Porter, Boston and Proper Bay, then see the sites of Stanford, Winters hills, Boston Island, The National Park and the City. We have lunch at the Franklin Harbour Hotel, before stopping to take a look at the painted Silo's where the star is local identity Lionel Deer and his camel D iamantina. Mr Deer is most known in the Cowell community for bringing his camels to the Cowell Christmas Pageant for over 30 years. Lionel represents much of what the fabric of Cowell is made of, a true larrikin with a heart of gold. We now start heading back to Port Lincoln and along the way we visit another silo, depicting an interpretation of two boys jumping off the *Tumby Bay Jetty*.
